

# Track and Measure Vendor Performance

AGR is introducing the powerful Vendor Overview tab. This is a game-changer in supply chain visibility and vendor management. Soon to be available in AGR's inventory management tool, this feature empowers you to track, manage, and optimise your vendors like never before.

Total no of deliveries  
**11.156**

Top vendors  
 1. Adidas \$10.000  
 2. FoodJoy \$9.000

Total holding cost  
**\$9.003.135**

Procurement accounts for up to **80% of the total cost of goods sold**, making it a critical driver of profitability and savings. With **real-time vendor performance tracking**, you can proactively uncover opportunities to leverage corporate buying power, minimise costs, and maximise the value of your supplier relationships.

## Informed Decisions = Strategic Advantage

Everything starts with visibility. You need to know **what you're buying, from whom, and at what cost**. A comprehensive vendor overview equips you to:

- Evaluate supplier performance and reliability
- Negotiate contracts with confidence and enhance ordering capabilities
- Assess and mitigate supply chain risks
- Ensure the right stock is on hand and on the way

### General

|                            |                                                                                              |
|----------------------------|----------------------------------------------------------------------------------------------|
| Vendor name                | Adidas                                                                                       |
| Vendor no                  | v-01                                                                                         |
| Lead time days             | 3       |
| Additional lead time       | 3       |
| Responsible                | Troy    |
| Stock value                | \$110.000                                                                                    |
| Stock holding cost (annum) | \$32.000                                                                                     |
| On time delivery buffer    | 3 days  |

Columns

| Vendor           | Lead time days | Item count | Min order value | Number of deliveries | Number of purchased items |
|------------------|----------------|------------|-----------------|----------------------|---------------------------|
| Adidas v-01      | 40             | 359        | \$1000.000      | 40                   | 40                        |
| Bridgestone v-02 | 3              | 94         | \$1000.000      | 40                   | 40                        |
| Callaway v-03    | 55             | 223        | \$1000.000      | 40                   | 40                        |
| Cleveland v-04   | 35             | 197        | \$1000.000      | 40                   | 40                        |
